We Deliver the Beauty of Healthy Skin™

## Epionce Ultra Shield Lotion SPF 50

- Blocks up to 98% of UV rays
- Light, quick-absorbing sheer formula blends without leaving white residue
- Very water resistant
- Reduces signs of ageing and minimises the risk of skin cancer

The concept behind the Epionce product line has been validated by double-blind, controlled clinical studies using consumer ready products to support the efficacy and performance of the Epionce products and technology.

Come find out more with Dr. Carl Thornfeldt, creator of Epionce at the FACE Conference, Westminster, London, 2.30pm Saturday 21st June 2014. Great offers available when you attend. Reserve your place and register for a discounted ticket, email [carly@episcienceseurope.co.uk](mailto:carly@episcienceseurope.co.uk)
